Mice

Animal Care Identification and Communication Procedures
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Mouse Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation
Rodent Husbandry SOP
Guidelines for Documenting Scientific Justification for Exceeding Cage Densities
Guidelines on Mouse and Rat Breeding and Housing Management
Guidelines on the Performance of Surgery in Rodents
Guidelines for Rats and Mice Euthanasia Procedures for Investigative Personnel
Policy for Rodent Euthanasia by the Veterinary Staff
Guidelines and SOP on Tumor Monitoring
Guidelines for Acceptable Methods of Identification and Genotyping of Rodents and Zebrafish
Guidelines on Use of Streptozotocin in Rodents
Guidelines on Adjuvant Use in Rabbits Rats and Mice
Animals Administered a Hazardous Substance Requiring Containment
Guidelines on Anesthesia and Analgesia in Mice
Guidelines on Treatment of Ulcerative Dermatitis
Standard Operating Procedures for Laboratory Assumption of the Feeding and, or Watering of Rodents

Rats

- Animals Administered a Hazardous Substance Requiring Containment
- Animal Care Identification and Communication Procedures
- Animal Fasting Communication
- Identifying Single Housed Animals SOP
- Environmental Enrichment for Animals SOP
- Approved Rat Enrichment Items
- Guidelines on Medical Records for Investigative Personnel
- Guidelines on Blood Collection
- End-Stage Illness Scoring System
- Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
- Guidelines on Administration of Substances to Laboratory Animals
- Anesthesia and Analgesia Drug Descriptions
- Anesthesia and Sedation Monitoring Guidelines
- Procedures for Animal Transportation

Rodent Husbandry SOP
- Guidelines for Documenting Scientific Justification for Exceeding Cage Densities
- Guidelines on Mouse and Rat Breeding and Housing Management
- Guidelines on the Performance of Surgery in Rodents
- Guidelines for Rats and Mice Euthanasia Procedures for Investigative Personnel
- Policy for Rodent Euthanasia by the Veterinary Staff
- Guidelines and SOP on Tumor Monitoring
- Guidelines for Acceptable Methods of Identification and Genotyping of Rodents and Zebrafish
- Guidelines on Use of Streptozotocin in Rodents
- Guidelines on Adjuvant Use in Rabbits Rats and Mice
- Guidelines on Anesthesia and Analgesia in Rats
- Standard Operating Procedures for Laboratory Assumption of the Feeding and, or Watering of Rodents

Guinea Pigs

- Animals Administered a Hazardous Substance Requiring Containment
- Animal Fasting Communication
- Identifying Single Housed Animals SOP
- Environmental Enrichment for Animals SOP
- Approved Guinea Pig Enrichment Items
- Guidelines on Medical Records for Investigative Personnel
- Guidelines on Blood Collection
- End-Stage Illness Scoring System
- Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
- Guidelines on Administration of Substances to Laboratory Animals
- Anesthesia and Analgesia Drug Descriptions
- Anesthesia and Sedation Monitoring Guidelines
- Procedures for Animal Transportation

Guidelines on the Performance of Surgery in Rodents
- Guidelines on Anesthesia and Analgesia in Guinea Pigs

Hamsters

- Animals Administered a Hazardous Substance Requiring Containment
- Animal Fasting Communication
- Identifying Single Housed Animals SOP
- Environmental Enrichment for Animals SOP
- Approved Hamster Enrichment Items
- Guidelines on Medical Records for Investigative Personnel
- Guidelines on Blood Collection
- End-Stage Illness Scoring System
- Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
- Guidelines on Administration of Substances to Laboratory Animals
- Anesthesia and Analgesia Drug Descriptions
- Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation
Guidelines on the Performance of Surgery in Rodents
Guidelines on Anesthesia and Analgesia in Hamsters

Back to Index
Back to ULAM home page

Other Rodents

Animals Administered a Hazardous Substance Requiring Containment
Animal Care Identification and Communication Procedures
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Gerbil Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation

Rodent Husbandry SOP
Guidelines on the Performance of Surgery in Rodents

Back to Index
Back to ULAM home page

Rabbits

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Rabbit Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation

Guidelines on the Performance of Surgery in Non-Rodent Mammals
Guidelines on Adjuvant Use in Rabbits Rats and Mice
Guidelines on Anesthesia and Analgesia in Rabbits

Back to Index
Back to ULAM home page

Cats

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Cat Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Dogs

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Dog Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation

Back to Index
Back to ULAM home page

Ferrets

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Ferret Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation

Back to Index
Back to ULAM home page

Calves

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Cow Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals

Back to Index
Back to ULAM home page
Swine

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Swine Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation

Guidelines on the Performance of Surgery in Non-Rodent Mammals
Procedures for Swine Quarantine and Conditioning
Guidelines on Anesthesia and Analgesia in Swine

Back to Index
Back to ULAM home page

Sheep

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Sheep Enrichment Items
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals
Guidelines on Administration of Substances to Laboratory Animals
Anesthesia and Analgesia Drug Descriptions
Anesthesia and Sedation Monitoring Guidelines
Procedures for Animal Transportation

Guidelines on the Performance of Surgery in Non-Rodent Mammals
Ovine Quarantine and Conditioning
Guidelines on Anesthesia and Analgesia in Ruminants

Back to Index
Back to ULAM home page

Primates

Animals Administered a Hazardous Substance Requiring Containment
Animal Fasting Communication
Identifying Single Housed Animals SOP
Environmental Enrichment for Animals SOP
Approved Non-human Primate Enrichment Items
Environmental Enrichment For Nonhuman Primates
Guidelines on Medical Records for Investigative Personnel
Guidelines on Blood Collection
End-Stage Illness Scoring System

Guidelines on the Performance of Surgery in Non-Rodent Mammals
Guidelines on Anesthesia and Analgesia in Ruminants

Back to Index

Fish, Amphibians and Reptiles

Animals Administered a Hazardous Substance Requiring Containment  
Animal Fasting Communication  
Identifying Single Housed Animals SOP  
Environmental Enrichment for Animals SOP  
Guidelines on Medical Records for Investigative Personnel  
Guidelines on Blood Collection  
End-Stage Illness Scoring System  
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals  
Guidelines on Administration of Substances to Laboratory Animals  
Anesthesia and Analgesia Drug Descriptions  
Anesthesia and Sedation Monitoring Guidelines  
Procedures for Animal Transportation  
Guidelines for the Husbandry of Amphibians and Reptiles  
Zebrafish Husbandry SOP  
Guidelines on Amphibian Anesthesia Analgesia and Surgery  
Guidelines on Reptile Anesthesia Analgesia and Surgery  
Guidelines on Fish Anesthesia Analgesia and Surgery

Chickens/Avian Species

Animals Administered a Hazardous Substance Requiring Containment  
Animal Fasting Communication  
Identifying Single Housed Animals SOP  
Environmental Enrichment for Animals SOP  
Approved Chicken Enrichment Items  
Guidelines on Medical Records for Investigative Personnel  
Guidelines on Blood Collection  
End-Stage Illness Scoring System  
Guidelines on Experimental Food or Water Restriction or Manipulation in Laboratory Animals  
Guidelines on Administration of Substances to Laboratory Animals  
Anesthesia and Analgesia Drug Descriptions  
Anesthesia and Sedation Monitoring Guidelines  
Procedures for Animal Transportation
