Welcome to the User Guide for DataDirect, the self-service web tool that enables U-M researchers access to robust, up-to-date data on more than four million unique patients from across Michigan Medicine. This data informs study design and guides the determination of feasibility of eligible patients for recruitment.

DataDirect login requirements:

1. If you have not already submitted a request for approval for data access, CLICK HERE
2. Completion of any PEERRs module
3. Your computer’s internet connection is on a U-M network
4. Your User ID (uniq name) and Level 2 password
5. LOG IN

DataDirect is supported by the Data Office for Clinical and Translational Research, a unit of the Medical School Office of Research.
